

Kimberly W. Milner

2012-2105 J. Douglas Stephens Endowed Teaching Chair in Technology

Kimberly W. Milner, Assistant Professor, Learning Assistance Department developed a program to enhance and enrich the IRSC learning environment by supporting and mentoring both adjunct and full-time faculty in utilizing the components associated with the Angel Learning Management System. This program produced a permanent repository of instructional modules for faculty along with corresponding instructional modules for students in the use of the specific Angel and technology tools. Additionally, it instigated a system of collaboration and mentoring between faculty members to disseminate Angel training and the use of exemplary online and web-based instructional practices throughout the college.

Milner joined IRSC in 2000 and received her Bachelor's Degree from Troy State University and her Master's degree from Walden University.
