

Dr. Henri Sue Bynum

2000–2003 Bank Atlantic Foundation Endowed Teaching Chair

Dr. Henri Sue Bynum was the recipient of the BankAtlantic Foundation Endowed Teaching Chair in 2000. She used the resources from the award to establish The Center for Teaching and Learning (CTL), also known as the Educator Preparation Institute (EPI), that is currently located in the Washington Mutual Center for Academic Innovation in the Kight Center for Emerging Technologies.

The Center for Teaching and Learning provides a growing collection of professional literature and a multimedia computer with advanced software for creation of curricular materials to facilitate faculty access. The Center serves as the repository for Learning Styles inventories as well as Learning Styles teaching materials. Certification materials are also part of the Center's professional library. The Center is available for Department Chair meetings as well as faculty work group meetings. Activities are planned including workgroups devoted to researching methods for enhancing student success through varying instructional styles.
