

### **James Mason**

2009 – 2012 J. Douglas Stephens Endowed Teaching Chair in Technology

As the recipient of the J. Douglas Stephens Endowed Teaching Chair in Technology, **James Mason**, Master Instructor of the Graphic Design Technology Department developed a digital video production academy at IRSC. Students brainstormed ideas about planning a production, conceptualizing its aims, and bringing the project to completion. Bridging the gap between the classroom and the workplace, students worked on project-based assignments and as interns for local businesses and IRSC programs.

Mason has been an IRSC employee since 1999. He received his Bachelor of Science and Bachelor of Arts Degrees from the University of Central Florida.
